

TOKEN SHOP WORKING WONDERS : Initiated BY IASE

Initiated BY IASE (International Association of Special Education) USA

Token shop is organized at Lebenshilfe working at two different locations, one at primary area and the other at vocational area to promote good and appreciably sociable behavior among the mentally handicapped children

Token shops are opened on every single day between 12:30 to 1:30 PM .

At every Achievement in the area of behavior development concerned class teacher or therapist will report to the token shop management committee to decide tokens distribution. Deserving children receive tokens and collect one item of what they want from the token shop. This has developed a competitive spirit among the children.
